**WILD
TOUCH.**

exclusive wildlife fashion with character...

Introduction

Wild Touch® is Europe's most comprehensive custom manufacturer of exclusive high quality handcrafted accessories made from game hide (leather and fur). With a Wild Touch® product you make a personal statement which stands out from the ordinary with beauty and character.

The feeling will last a lifetime...

We offer you a personal "one-of-a-kind" wild life accessories:

1. Made of game leather or fur from your own hunting trophy
2. Made in a combination of game leather / fur from your own hunting trophy and high quality vegetable tanned anillin Italian cow leather supplied from Wild Touch®

The combination enables us to provide you with almost endless possibilities of design variations for gun cases, belts, wallets, laptop bags, computer slipcasses, travel bags, week-end bags, sport duffle bags, essential bags, safari bags, women purses, pillows, cartridges bags and pouches and much more..

Not cheap – but very high value for money

Unique handmade quality products are not cheap – but you will be surprised how much value you will get for your money. With a Wild Touch® product you will get handcrafted quality with timeless value.

Unique timeless craftsmanship in combination with the best materials. Designed in Denmark - made in the EU.

We develop and design all our products in Denmark and the physical processing of the products takes place in the EU. Everything is handmade by our professional leather artisans. No mass production here...

We use only the best materials. For example, zips are custom made for us by the world's biggest and best producers. Our edge reinforcements and contrast leather is vegetable tanned Italian aniline leather of the highest available quality. D-rings, snaphooks etc., are mostly made of solid brass. Some of our products are however made in other alloys. But always of the highest quality available.

Professional tanning facilities

If your gamehide is not tanned yet, we can help you.

All hides are tanned by artisanal principles and traditions by our professional tannery. We tan both for leather and fur (fur = with the hair on the outside). The tanning process is vegetable tanning.

10 years Guarantee

With a Wild Touch® product you will get handcrafted quality with timeless value. We stand behind every product in our range with a comprehensive 10-year guarantee and offer a comfortable repair service for damage to products even if not covered by our guarantee.

Please ask your dealer or read more about our unique guarantee on our website.

Leather colours and engraving

We dye leather in following standard colours – black, cognac and dark brown.

For a small price you can personalize your Wild Touch® product with laser engraving of your initials or full name. Or a company logo/monogram. Please ask for prices.

Every time you buy a Wild Touch® product, you make your personal contribution in supporting the world's wildlife. Wild Touch® Foundation mission is to support and protect our world's wildlife.

For each product sold Wild Touch® donates 2 EURO to wildlife protection projects. In the 21st century, wildlife all over the world are facing an escalating pressure from a growing human population and its effects, from habitat destruction to spread of disease, illegal wildlife trading and overhunting.

Our guidelines

The guidelines for our support is:

1. Protect and restore wildlife species and their habitats
2. Support local communities' ability to conserve the wildlife resources they depend upon
3. Protect the rights of sustainable hunting
4. Educate individuals, politicians and organizations about the fact that legal and controlled hunting is one of the most effective ways to ensure a rich and strong population of wildlife.

Design Versions

On the following pages you will see examples of our product range. We have more than 40 different products in the assortment to choose from and each product comes in up to 3 different design versions.

Below you can see how our concept is built for maximum flexibility to serve the trophy hunter.

Design Option: A

The hunter supplies all game leather / fur for the product.

1. The customer supply game leather
2. The customer supply game fur (with hair)
3. The customer supply a combination of leather and fur

All prices are based on that our customer deliver tanned leather or fur to us.

If the game hide is not tanned, we offer to tan all kind of game hide to leather or fur. Ask for separate price list

Design Option: B

The hunter supplies some of the leather / fur to for the product, and Wild Touch® provides high-quality vegetable-tanned anillin Italian cow leather.

For example, you have a piece of back skin from an Impala and want to have a product made of cow leather with the decoration of Impala skin.

Combination possibilities are endless.

Customer supplies game leather / fur and Wild Touch® supplies cow leather.

Flexible Rifle Case

Product Dimension:

Made to measure.

Product No: 10.002

This rifle case is designed for travel and it takes up very little space in the bag. The case is flexible and can be rolled up. In many countries it is a requirement that rifles must be in a case when the weapon is transported. This case is also perfect for protecting the rifle when it is placed in the holder on a safari car. Comes with detachable shoulderstrap. All metals like the buckles and carabins are made of solid brass and the stitching is made of extra strong leather thread. The 2-way zipper are from YKK and made of 6mm brass teeth. There is protective tape on the inside of the zipper so that the zipper will not mark or scratch. This case is not lined inside due to volume and flexibility. The zippers are prepared so that they can be locked together with a small code lock (not inclusive) so that the rifle is secured in the case. Shown here in Design Version C1 in Cape Buffalo leather, colour Nubuck brown and black. Option of a personalized name, initials, logo or monogram engraved directly onto the leather.

Kudu [*Tragelaphus strepsiceros*]

The Kudu is a woodland antelope found throughout eastern and southern Africa.

Despite occupying such widespread territory they are sparsely populated in most areas, due to a declining habitat, deforestation and hunting.
