ACCOMMODATION: Is a experience by itself. Hunters will be staying exclusively at a old castle that is situated in fantastic calm, beautiful surroundings framed by a lake. There are 7 double rooms in the castle with 6 bathrooms, a charming whisky room that is the perfect place to have the whisky after the hunt. A big dinning hall with a outdoor terrace. The meals that will be served are homemade with mainly products from the hunts.

SEPT - OCT this is a very nice time of the year where the clime normal will be in the region of 18-8 degrees Celsius. There is of course a risk of rain so bringing rain cloth and rubber boots is a must.

Pullovers and waterproof jackets should also be part of your inventory. Visit www.prohunters.se and see what kind of clothing we recommend. If booked in advance we can arrange so that the hunters get it upon arrival.
